

Application No. 09/915,760

Filed: July 26, 2001

Group Art Unit: 2632

## REMARKS

In response to the requirement for restriction, applicant hereby elects claims 14-65 of Group II directed to flexible tamper indicating transponders. The election is made with traverse.

The inventions are not distinct. The adhesion coating composition is formulated for use with the transponders, and the transponders include the adhesion coating. All of the claims define aspects of a single inventive entity. Reconsideration of the restriction requirement is therefore requested.

The Examiner is encouraged to telephone the undersigned attorney to discuss any matter that would expedite allowance of the present application.

Respectfully submitted,

PETER S. ATHERTON, et al.
